

Zoom Update Instructions

The latest version of Zoom is **Version: 5.5.2 (12494.0204)**

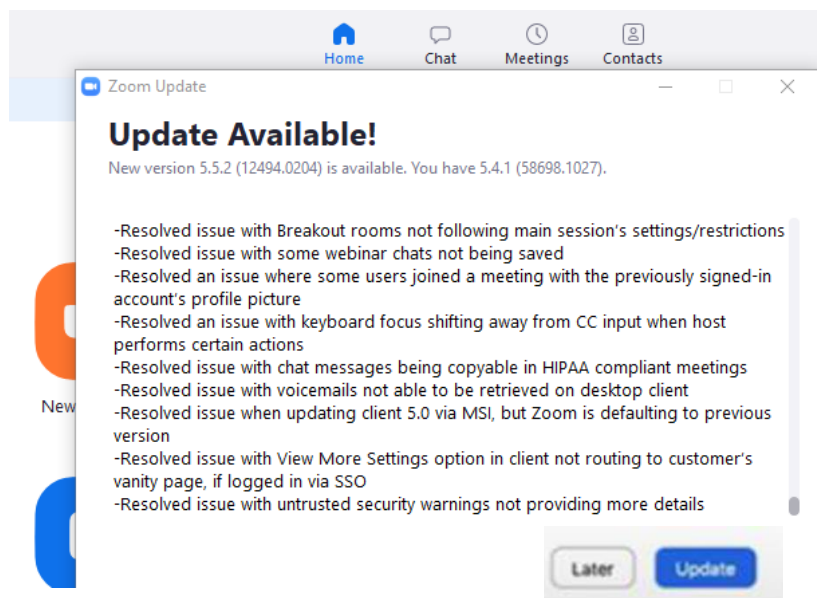

If you do not have this version, you might see a message on your zoom Client prompting you to update:

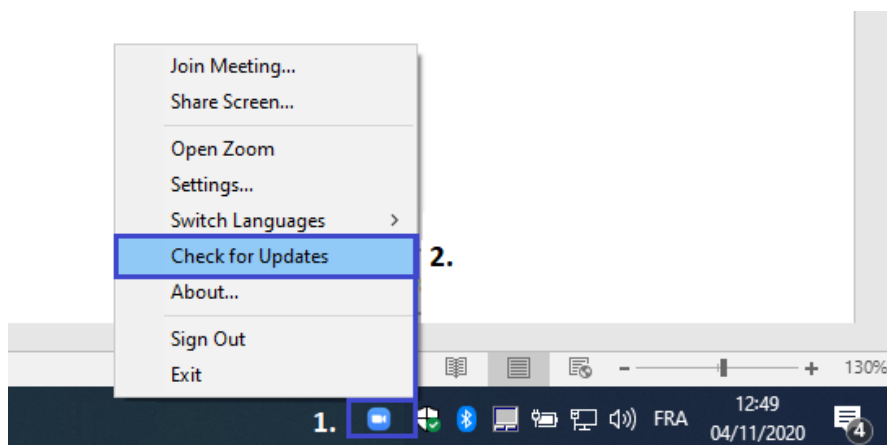

If you do not see that message, go to your **profile image** and click on "Check for Updates":

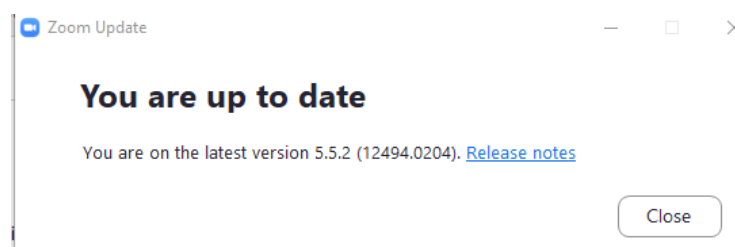

- If your version is up to date, you will see a message indicating, "You are up to date".
- If you are not up to date, then you will see the following window appear: there, scroll down to read the Terms and Conditions, and click on "Update".

From the Zoom App in your computer, to check if you have the latest version, you have to right-click on the icon on your task bar, and then click on "Check for Updates".

- If your version is up to date, you will see the following window:

- If you are not up to date, then you will see the following window appear: there, scroll down to read the Terms and Conditions, and click on "Update".
