Implement the ILO Recommendation on  
HIV and AIDS (No. 200)

“ I am one of the 5 million **young people** living with HIV and I have once lost a job due to my HIV status. An HIV test does not determine my skills and ability to perform at work. This is why I urge governments and employers to commit to zero discrimination at work and make decent work accessible to all, including to young women and men living with HIV. ”

HIV Programme Director for Espolea, a youth-to-youth organization winner of a Red Ribbon Award in 2012, Member of the Youth Advisory Group of the Global Network of People living with HIV (GNP+)
