“ If I would have
known my status,
my son would not
have been positive
today. ”

Pooja Thakur,
Chandigarh, India

The earlier The better

With appropriate care,
support and treatment, a
person living with HIV
can live a long, healthy
and productive life.

For free HIV counselling and testing visit your nearest government hospital
or call toll-free national HIV/AIDS helpline - 1097 for information.

VCT@WORK
5 million workers by 2015
