The International Radiation Protection Association (IRPA) 2010 – 2011

Kenneth KASE
IRPA President
Executive Council

- 58th Held 27-29 February 2009 in Bethesda, MD, USA
- 59th Held 3-4 October 2009 in Paris, France
- 60th Held 11-12 September in Nairobi, Kenya
IRPA MEMBERSHIP

- 46 NATIONAL OR REGIONAL ASSOCIATE SOCIETIES
- 58 COUNTRIES
- ABOUT 17 000 INDIVIDUAL MEMBERS
IRPA Strategic Plan

GOALS 2008-2012

1. Promote excellence in the conduct of IRPA
2. Promote excellence in national and regional associate societies
3. Promote excellence in radiation protection professionals
4. IRPA is recognized by its members and stakeholders as the international voice of the radiation protection profession
IRPA Strategic Plan

Tasks for 2008-2012

- Revise rules and procedures to ensure the conduct of excellent and effective IRPA congresses
- Develop a position paper on the subject of an effective radiation protection society
- Develop a strategy plan on education and training activities
- Prepare a document on the criteria for engaging IRPA with its Associate Societies, international organizations and others
IRPA’S ROLE

- To provide a medium for communication and advancement of radiation protection throughout the world
- To encourage the establishment of radiation protection societies
- To support international meetings
- To encourage international publications dedicated to radiation protection
- To encourage the establishment and continuous review of universally acceptable radiation protection standards and recommendations
- To encourage professional enhancement
Establish Radiation Protection Societies

- Working in:
  - Chile
  - Georgia
  - Indonesia
  - Iran
  - Thailand
  - Venezuela

- Africa?
- Middle East?
MEMORANDUM OF UNDERSTANDING ("MOU")

between

International Organisation for Medical Physics

and

International Radiation Protection Association

The two organisations hereby agree as follows:

☐ Purpose of this collaboration:

➢ to recognize that both organisations can complement each other in promoting their respective objectives;

➢ to enhance the cooperation between the two organisations in the field of radiation protection.
Improving Radiation Protection Culture

- China, Japan, Korea Workshop, Jeju Island, Korea,
  23 November 2010
  - Sponsored by Korean Association for Radiation Protection

- Second International Workshop, Charleston, SC, USA,
  10-11 February 2011
  - Co-sponsored by Health Physics Society, American Association of Physicists in Medicine and The Alliance for Radiation Safety in Pediatric Imaging
Improving Radiation Protection Culture

- Working Group is established
  - Fifteen members representing radiation protection & medical physics and 10 countries from N. & S. America, Europe and Asia.

- Four subgroups are working on:
  - I. Elements or traits of RP culture and its definition
  - II. Criteria for success
  - III. Assessment tools
  - IV. How to Engage Stakeholders & the role of RP professionals and IRPA Associate Societies
Improving Radiation Protection Culture
