The project builds on the achievements of the previous project **“Enhancing the Labour Administration Capacity to Improve Working Conditions and Tackle Undeclared Work”**.

The long-term objective is that men and women enjoy safe, healthy and declared work in Ukraine.

The expected short-term impact is an improved compliance of Ukraine with European and International Labour Standards (ILS) on OSH and labour relations and ILS on labour inspection.

Technical assistance will be provided for the implementation of the “Concept of the Labour Protection Management System Reform” in Ukraine, of the measures of the draft National Action Plan to Fight UDW, as well as for the effective application of ILO Conventions C81 and C129 on labour inspection and improvement of labour inspection effectiveness in enforcing the law.
