

## KEY CONCLUSIONS

### ▶ RELEVANCE

- **Strong analysis** of the national context
- **High relevance** under current reforming of labour legislation
- **Advocacy** of the modernization of the legislation in line with the EU Directives and ILO Conventions
- **Driver of positive change** and engine for new legislation
- **Synergy** with other ILO projects

### ▶ EFFECTIVENESS

- Valuable, practical and applicable **17 sets** of technical recommendations / explanatory notes on draft laws
- Stakeholder’s **much better understanding** of EU directives
- Provision of a **platform for social dialogue** in the absence of a functional NTSEC\*
- **Better interactions** of the Labour Inspection with employers and workers due “Go to Light” campaign
- **17** technical seminars trainings/ discussions, **23** technical meetings and **3** Project steering committee meetings Participation in **13** stakeholders’ events
- **4,285 participants** (53.4% women) in Project’s webinars, seminars, retreats, discussions
- **118 certified persons** (52% women) of 6 training modules
- **7 sets** of background materials for training
- Need for **more exposure to best practices** and more trainings to SLS

\*NTSEC — National Tripartite Social and Economic Council

### ▶ EFFICIENCY

- **Partnerships** with all relevant stakeholders, including Parliament and NGOs
- Valuable **information support to stakeholders** in response to the **COVID-19** pandemic
- Available, valuable **bilingual Project website** with all the products developed by the Project
- Highly **competent**, very **responsive** and **flexible** Project management
- Strong **technical expertise**
- **Quick reaction and timely delivery** of practical recommendations and advice

## KEY RECOMMENDATIONS

- **Discuss all the Project recommendations** in a tripartite setting
- Establish a **Project recommendations dashboard** to monitor their implementation
- **Tripartite social dialogue on legislation changes** to be fully utilized, especially through a revival of the NTSEC
- **Provide support to SLS** on effective internal control and communication to improve image
- **Create a pool of national trainers on OSH** for SLS, employers and workers
- **Raise awareness** of higher political levels about Project messages and recommendations
- **Increase visibility** through constituents and NGOs
